Who is the Roadside Assistance Provider?

Roadside Assistance under your Yamaha Motorcycle Roadside Assistance membership is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as ‘Allianz Global Assistance’. Whenever you request Roadside Assistance under your membership, you will be making that request to Allianz Global Assistance, who will provide the services on the terms and conditions set out below. The terms and conditions contain exclusions and limitations.

Eligibility criteria

In order to be eligible to purchase roadside assistance membership, your motorcycle must be:

- A roadworthy, well-maintained motorcycle; and
- Mobile.

If your motorcycle is not mobile at the time that your membership commences, a service fee is charged when a new roadside assistance membership is established and assistance is required within the initial 48 hours or if the motorcycle has a pre-existing condition requiring assistance. The service fee is \$100.00 (inc. GST) and is charged in addition to your annual membership fee. The service fee covers the initial callout of the roadside assistance provider only; you will not be able to access any other entitlements under your membership for pre-existing conditions and/or for any incident that occurs within the initial 48 hours from purchasing your membership. *Note, the standard limits set out in these terms and conditions (such as for towing) also apply.*

Please stay with your motorcycle

Once a roadside service provider has been called, it is important that you remain with your motorcycle if it is safe to do so. Should we arrive at the scene of the breakdown and the motorcycle is unattended, we will be unable to carry out any work and payment may be required for any subsequent callouts to assist with the same incident. If you require assistance and have to leave your motorcycle for safety reasons, please advise the customer service assistant at the time of the initial call and we will liaise with you for the purposes of being able to provide assistance.

Tele-assist

Once our customer service assistant receives your call, we will provide general advice about the operation of your motorcycle. If your motorcycle is immobilised, we will provide an over the phone diagnosis (where possible) to get your motorcycle mobilised.

Roadside Assistance

If our customer service assistant is unable to get your motorcycle mobilised over the telephone, we will dispatch a service provider to assist in the following ways:

Flat batteries

Flat batteries can occur. If you find yourself immobilised with a battery problem, we will attend to your motorcycle, test the battery for performance, jump start the flat battery or transport the motorcycle to the nearest Yamaha dealer if required (subject to the towing/ transportation limits).

Lack of fuel

If your motorcycle runs out of fuel, we will provide sufficient petrol or diesel (to a maximum of 10 litres) for you to travel to the nearest available petrol station or tow your motorcycle to the nearest petrol station up to 50 kilometres from the breakdown location. This service is limited to two (2) incidents per calendar year.

Other fuel

In the event the fuel in your motorcycle becomes frozen, you add the wrong fuel to your motorcycle, or if your fuel is polluted, towing to the nearest authorised repairer will be coordinated at your cost.

Flat tyres

If you find yourself with a flat tyre, we will transport the motorcycle to an approved tyre outlet or nearest Yamaha dealer up to 50 kilometres from breakdown location, whichever is the nearest.

Lost or locked keys

If you lose your keys, we will provide all reasonable assistance (subject to proof of ownership shown) to:

- Transport your motorcycle to the preferred repairer up to 50 kilometres from the breakdown location
- Arrange for the driver to retrieve the spare key if this is more practical (a taxi/ ride-hail limit of \$80.00 (inc. GST) applies to this benefit).

Towing/transportation

If your motorcycle has had a breakdown and cannot be mobilised at the breakdown location and/or requires electronic diagnosis, we will deliver your motorcycle to an authorised repairer, or your preferred repairer up to 50 kilometres from breakdown location. If the breakdown has occurred after business hours, we will arrange for your motorcycle to be stored at a secure facility and delivered to an authorised repairer the morning of the next day.

Accident Coordination

Following an accident, we will coordinate towing arrangements. If required, we will coordinate alternative transport to enable you to continue your journey. All accident towing and alternative transport costs are your responsibility.

Note that these costs, subject to the payment of any excess, may be recoverable from your insurance company under an appropriate insurance policy.

Bogged motorcycle

We will, at your cost, attend and recover your motorcycle from a bogged situation, provided that reasonable and safe access is available to a conventional two-wheel drive recovery vehicle and no other specialist equipment is necessary. All costs will be your responsibility.

Taxi/Ride-Hail

If your motorcycle cannot be mobilised due to a breakdown and must be transported to the nearest authorised repairer, we will provide one taxi ride per incident to a maximum value of \$80.00 (inc. GST) so you and your passenger can follow the tow truck to the repairer.

Emergency accommodation

If your motorcycle is immobilised by a breakdown, cannot be repaired the same day and you are more than 100 kilometres from your home, we will provide up to three (3) nights accommodation up to the value of \$100.00 (inc. GST) per night (room cost only) should you decide to remain with your motorcycle while it is repaired locally, or if alternative transport is unavailable. Any amounts charged in excess of this limit will be at your cost. This benefit will stop once your motorcycle has been repaired.

Car rental

In addition to the three (3) nights emergency accommodation, we will provide a rental vehicle for up to three (3) days up to the value of \$100.00 (inc. GST) per day should your motorcycle be immobilised by a breakdown, cannot be repaired the same day and you are more than 100 kilometres from your home. Any amount charged in excess of this limit will be at your cost. You will be responsible for all fuel costs, toll charges, insurance excess reduction, excess kilometre charges, any traffic infringements, any relocation fees, any damage and any excess or insurance waivers on the rental vehicle. If you do not take up the option of emergency accommodation and elect to continue your journey whilst your motorcycle is being repaired, we will provide a rental vehicle for up to five (5) days up to the value of \$100.00 (inc. GST) per day.

Alternative transportation

Should hotel accommodation or a rental vehicle be unavailable following the immobilisation of your motorcycle due to a breakdown, when the motorcycle cannot be repaired the same day and you are more than 100 kilometres from your home, we will transport you and your passenger to your home or to your intended destination. A benefit limit of \$300.00 (inc. GST) applies per incident. Any amounts charged in excess of this will be at your cost.

Motorcycle relocation

Motorcycle relocation will be provided where your motorcycle has a breakdown more than 100 kilometres from your home. If you have left the motorcycle to continue your journey, motorcycle relocation will be provided to deliver the motorcycle, once repaired, to your home or intended destination (whichever is the nearest) where the distance between you and the selected authorised repairer is greater than 100 kilometres. A limit of \$200.00 (inc. GST) applies to this benefit.
